Ausable Forest Reforestation Program Continues

In keeping with its policy of reforesting open and non-productive state lands, the Conservation Dept. has started its fall tree planting program. After adequate reservations of open areas for game use have been made, remaining openings are planted with trees under the Department's multiple use program to provide game cover, prevent erosion, stabilize watersheds, make more desirable recreational use areas, and provide wood fibre products for this and ensuing generations.

District Forester Ralph E. King reports that fall tree planting operations on the Ausable State Forest started Monday, Sept. 16, 1963. Local workers have been employed to operate the 4 planting machines which will be in operation. In addition, 2 crews of boys from Camp LaVictoire, under Social Welfare Dept. supervision, will be utilized to hand plant areas not suitable for machine planting.

The Ausable State Forest includes app. 330,000 acres in Crawford and Kalkaska Counties. It is anticipated that during the fall of 1963 and spring of 1964, 800,000 Red Pine seedlings and 110,000 White Pine seedlings will be planted on 1,150 acres on the Ausable State Forest.

Grayling, Michigan, Thursday, September 26, 1963

On My Honor . . .

"On My Honor", these three words are the first in a Boy Scout's pledge and you can get universal agreement that the pledge is a good and great one for boys to state. Also the skills which are taught to our young men in scouting are considered right and good not only nationally but in Michigan and in our own community.

This month in Grayling, Cub Scouting, Scouting and Exploring, are all undergoing a reorganization. The thing that is needed and needed badly is parent responsibility. The few men who have breathed life in the scout movement in our community and kept it alive are growing weary of carrying the entire burden.

They do not ask complete leadership, but aid. If the parents of the lads involved are not interested in helping in the program . . . then from where in the world can it be expected to come? Your sons are reaping real benefits from this program which, we feel, Grayling has always upheld extremely well financially. The need for financing will always be a continuing thing but the real, and crying need right now is for parental responsibility.

When you are informed that your boy's Cub Scout Pack, Scout Troop or Explorer Post is calling a meeting for reorganization, accompany him to that meeting. You will not be expected to attend every session, but here and there along the line, you can put a shoulder to the wheel and take some of the heavy burden off the leader.

A hour or so of your time, just now and then, can provide a boys program in Grayling that will be of inestimable value in the future. After all, the best thing that this generation can leave our community, country and the world is a well established, well adjusted group of younger people who can perhaps do a better job of bringing a better life for all. — R.W.S.

Expect great things from Chevrolet again for '64

Today...Jet-smooth Luxury '64 CHEVROLET

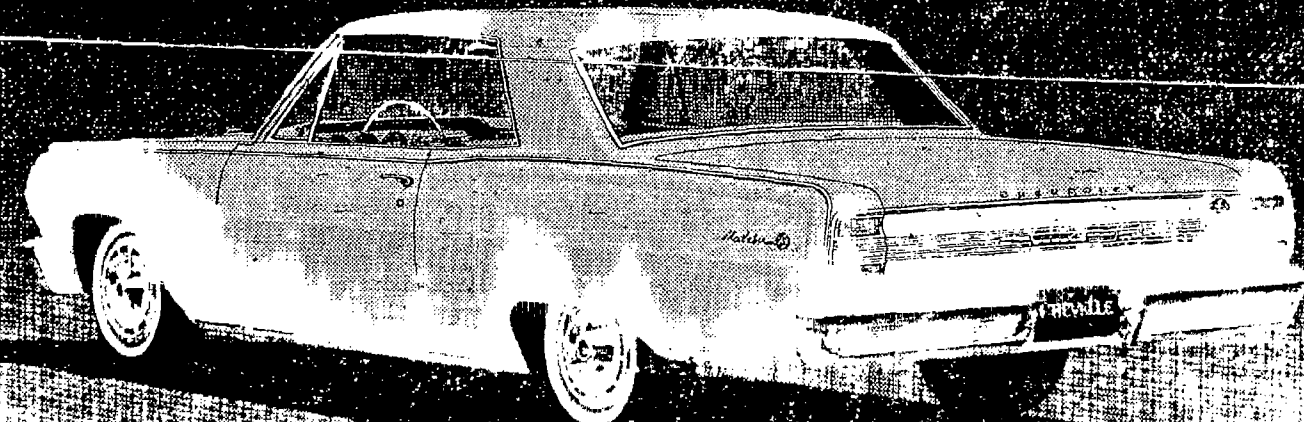

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The Impalas and Bel Airs are more luxurious,

too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth

ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-keep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body-by-Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all

four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

DEATHS

COL. JAY NOLAN

Funeral services with full military honors were held Saturday afternoon in Lansing for Col. Jay I. Nolan, U. S. property and fiscal officer for the Michigan National Guard who died suddenly at his Lansing home Thursday. Interment was also at Lansing.

Nolan, 45, was a native of Flint. His death was attributed to a heart attack. During World War II, Nolan served in the Pacific Theatre with the 32nd Division and in Europe with the 42nd Infantry Division. He returned to Michigan at the end of the war and took over as USPTO for Michigan in 1958.

He is survived by his widow, Dorothy, two sons and a daughter. Those from Camp Grayling who were serving the services were Supt. and Mrs. Bill Kinkert, Capt. and Mrs. Ed Rutkowski, Capt. Geo. Schaeble, Jr., Jack Rasmussen, David Stewart, Lt. David Hanson, John Felling, and Warrant Officer Calvin Knowles.

Rites To Be Read For Mrs. Myrna Andrews

Mrs. Myrna A. Andrews, 60, was taken ill suddenly and driven by ambulance to Mercy Hospital, where she passed away Monday, Sept. 23, 1963. She had made her home on Shaw Park Road with her husband, Jay Andrews, for the past five years, coming here from Detroit.

The daughter of Agusta Schulte and Wm. C. Jardine, Mrs. Andrews was born Dec. 18, 1902, at River Rouge, Mich. Besides her husband, she is survived by one son, Ralph W. Witsch of Pontiac, and two daughters, Mrs. Hilma Manells of Lexington, Ky., and Mrs. Esther Gaffke of Inkster, and seven grand children.

The body was at the Sorenson Funeral Home on Tuesday, then taken to West Branch where services will be held at the Stearnell Funeral Chapel at 2 o'clock on Thursday. The Rev. Dorraine Snogren will officiate and burial will be in Brookside Cemetery.

Services Held For Former Resident

The remains of Samuel Johnson of Detroit were brought to Grayling for funeral services held at the Sorenson Funeral Home at 1 o'clock on Monday, Sept. 23, 1963. Music was by Mrs. Arthur Feldhauser, the Rev. Harris Jespersen officiated, and burial was in Elmwood Cemetery with A. L. Roberts, Leo Jorgensen, Sam Rasmussen, Frank LaMotte, Holger Hanson and Harry Sorenson serving as pallbearers.

Mr. Johnson, 83, a Grayling resident from 1900 to 1925, died Sept. 19 in Henry Ford Hospital as the result of an accidental gunshot wound. Mr. Johnson had been waiting for his son, Ted, to see an insurance customer, and during the wait went into a store to buy a cigar. On the porch of the house across the street two men were arguing over a pistol. The gun went off and a bullet ricocheted off a car, went across the street, through a screen door and into Mr. Johnson's head. He was taken to the hospital but succumbed on Monday.

Born in Sweden March 17, 1880, Samuel Johnson came to America in 1892 to the home of an uncle near Alpena. He worked in the woods, later coming to Grayling in 1900. Here he met and married Anne Marie Jensen in 1908 and they became the parents of six boys. The family moved to Iron Mountain in 1925 where he worked at the Henry Ford plant. Mrs. Johnson passed away in 1928, after which the family moved to Detroit. One son, Emmanuel, passed away in 1940. Five sons, Ted, Alfred, Carl, Edward and Leo, survive, together with twelve grandchildren and two great grandchildren.

BITS O' TALK

Mr. and Mrs. Glen Raup came home Sunday from Honey Harbor, Ont., after spending ten days at her sister's Island home. They went with her sister and husband, Mr. and Mrs. Raymond Carpenter, who had been visiting friends and relatives in Michigan for a week, going the northern route and seeing the new bride at Sault Ste. Marie. Their grandson Dennis Payne of Kalkaska drove up after them, and they came back by way of Sarnia and Port Huron.

A Lake Margrethe resident tells that every spring and fall people drop off cats and kittens at the lake. Someone left a kitten a couple weeks ago, which was shortly attacked by a big tomcat which tore a hole in its stomach and neck and broke its leg.

Mr. and Mrs. Ott Nielson took her mother, Mrs. Carrie Christensen, back home to Lansing Thursday, staying overnight. Mrs. Christensen had been here two weeks. Weekend guests with the Nielsons were Mr. and Mrs. Ed Dailey of Lansing.

Mr. and Mrs. Ed Bullington of Colton, Calif., stopped in Grayling Monday while touring the state. Mrs. Bullington was the former Beulah Goldie, daughter of pastor Howard Goldie who was minister at the Methodist Episcopal church in Grayling in the early 1900's, for a few years. Miss Goldie returned to the north in the 20's when she taught school at Vandenberg and made her home with her grandfather, pastor Gabriel Sanderson, who was also a minister, at Gaylord. The Bullingtons looked through the 1902 volume of the Avalanche, Mrs. Bullington finding church notices by her father, and mention of many former friends of the family. She was three years old when the family lived here. She told of an uncle, Harry Goldie, who practiced law in Gaylord for a while, then went to Detroit where he did legal work for the Cadillac Motor company and also for the National Safety Council. Six months after his death a son was born, who was also named Harry Goldie, who received some publicity in the Saturday Evening Post of September, 1961, as a young man going places in outer space. Young Harry lives in Seattle, Wash.

Mr. and Mrs. Charles Mires II of Flint have a baby daughter, Kimberly Lynn, born Sept. 22nd, weighing 8 lbs., 2 oz. Her grandparents are the Don Smocks of Grayling and the Nelson Mires of Port Huron. Letters To The Editor

Editor's Note — The following letter received by Grayling City Manager Harold S. Cliff should be of particular interest to those living on the AuSable River east of Grayling.

Sept. 10, 1963

Mr. Harold Cliff
City Manager
Grayling, Michigan

Dear Mr. Cliff:

Thank you for your interest in my study of Water-Management and recreation on the AuSable River above Mio, Michigan.

The purpose of this study is to show how the hydrologic characteristics of the AuSable River influence the recreational use of the water. The study is financed entirely by Federal funds of the Water Resources Division of the U. S. Geological Survey. Some of the factors considered are discharge and velocity of the stream, fluctuations in water-level (stage) of the stream and fluctuations in ground-water levels, temperature and chemical quality of the water, character of stream bed and banks, and character of the watershed area.

My work in the area during the past month was chiefly to obtain data on the character of the stream bed and banks, and on temperature and quality of surface and ground-water, and velocity of water in the main stem and tributaries. I am very grateful for the help and cooperation of citizens of Grayling in providing me with information and advice in conducting this study. Additional data will be obtained periodically through the coming year.

This data will be evaluated and interpreted with reference to their influence on the recreational use of the river. An examination will then be made of the effect of water and land-management practices on the hydrologic characteristics and the recreational use of the water. The results of the study will be included in a report which will be submitted for publication by the U. S. Geological Survey.

Very truly yours,
G. E. Hendrickson
District Geologist

Grayling Airman Donates Blood

HOLLOMAN AFB, N. M. — Airman Second Class Erwin L. Wales Jr. of Grayling, Mich., was a member of a group of 39 airmen from this base who answered a plea for blood for an eight-year-old Alamogordo, N. M., youngster stricken with a serious blood malady.

Airman Wales, an Air Force air policeman, and other donors traveled 95 miles to El Paso, Tex., where the child was hospitalized, to give the blood.

The airman is the son of Mr. and Mrs. Erwin L. Wales Sr. of Grayling. He attended Grayling High School.

Although "Little Joe" Bersosa is not yet completely cured, the blood contributed by Airman Wales and other airmen enabled the lad to leave the hospital and return to his home and family.

BEER IS A NATURAL

Brewed slowly, by a centuries-old natural process, beer is Michigan's traditional beverage of moderation—light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the millions of dollars it contributes to this state's economy through wages, advertising, rentals, insurance, transportation and utilities. Money made in Michigan, spent in Michigan. In Michigan, beer belongs, enjoy it.

We came upon the scene too late
to help as he had been already
saved by an alert neighbor who
was on the beach when the terri-
fied cry was first heard. We were
not too late, however, to observe
a most pronounced case of apathy
and indifference. Well within 100
yards of where the boy was swim-
ming were two boats anchored.
One contained one fisherman and
the other held two. Those fisher-
men did not so much as reel in
their lines to move in and help the
boy. They simply sat and fished
and watched a thrashing, fright-
ened boy whose leg had cramped,
scream for help. They watched the
hero run from shore to aid him,
a distance greater than theirs.
We have read a lot recently about
the apathy and indifference that
has been demonstrated by our peo-
ple. Politicians fear for our nation-
al image, preachers fear for our
souls and educators fear for our
intellectual future, all blaming this
on our "I don't care" attitude. Most
of us have treated such warnings
with, that's right, indifference. We
like to mind our own business and
have no real fear of complete moral
dissipation. But if those fisher-
men are representative of the lat-
est trend in our changing culture,
if someday we all will be able to
sit by and watch a tragedy in real
life develop, and then do nothing
to help avert it, we are sicker than
we realize.

Sincerely yours,
Earl W. Nelson

Local Teen-Age Business, \$495,000 Year

(Special to the Avalanche)

NEW YORK - Crawford Coun-
ty's teen-age population has be-
come an economic force to be reck-
oned with - a \$495,000 force.

As a consumer group, they have
this impressive amount of money
at their command, a matter of
great interest to local retail mer-
chants.

Equally important, from a busi-
ness point of view, is the influence
these youngsters wield in deter-
mining how their parents spend
money. They help decide the kind
of car that is bought, the appli-
ances that are purchased and the
type of improvements that are
made in the home.

The size-up of the teen-age mar-
ket is based on studies and re-
ports made by the Dept. of Labor,
the U. S. Chamber of Commerce
Gilbert Youth Research, Inc., and
other agencies.

In Crawford County, as in most
other areas of the United States,
the teen-age population is large
and is growing larger rapidly, it
is shown.

In 1960 there were 547 boys and
girls locally between the ages of
13 and 19, according to the Census
Bureau. The number is expected
to be about 30 percent greater by
1965.

The rate of growth in this age
category is found, in line with the
national trend, to be 3 1/2 times
faster than that of the population
as a whole.

But sheer numbers is only part
of the story. Teen-agers locally
have bigger allowances than ever
before. One reason is that their
parents can afford to give them
more. Another is that since, to a
greater extent than in former
years, the children do their own
shopping for clothes and other ne-
cessities, they have to have more
spending money.

A breakdown shows that it
costs about \$800 a year to main-
tain the average 13-year-old, tak-
ing into consideration food, cloth-
ing, housing, medical care, enter-
tainment and miscellaneous expen-
ses.

At age 15 the cost is up to \$865,
at 17 to \$920 and at 19 to \$955,
with college costs excluded.

The average figure is \$905,
which occurs at age 16 1/2.

Applying this national average
locally, the amount spent on Craw-
ford County's teen-age population
per year comes to an estimated
\$495,000.

Dear Mr. Strong:

The Central Western Michigan
Region of the Sports Car Club of
America conducted the Grayling
Divisional Championship Races on
Sept. 14 and 15, last, and they were
a tremendous success.

The Central Western Michigan
Region is deeply indebted to the
weatherman for providing such
beautiful Northern Michigan sun-
shine during the two days of rac-
ing and also to the very fine people
of the Grayling area who made
our stay so pleasant. We are par-
ticularly indebted to the Michigan
National Guard for permission to
use the Airport as a race course,
to the Crawford County Road
Commission for the use of their
snow fence and equipment, and
particularly the Crawford County
Chamber of Commerce, repre-
sented by Mr. Bob Hayes and Mr. Tom

Welsh, without whose whole-
hearted co-operation and assis-
tance the race weekend would not
have been successful.

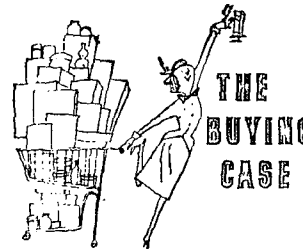

The drivers and crew members
of the Sports Car Club of America
always enjoy Grayling and we sin-
cerely hope we may have per-
mission to return again next year.

Yours Very truly,

The thrifty shopper doesn't
mind tip-toeing to reach a
bargain.

And the experienced mer-
chant is pretty much aware
of this fact.

Just the same, if you shop
local stores regularly, you
know that everything possible
is done by the established
merchant to make it EASY for
you to locate the better buys.

There's nothing compli-
cated about it. The wise re-
tailer knows that continued

customer satisfaction means
repeat business.

Your friendly merchant
doesn't hesitate to say, "This
is a good buy!" He builds
mass displays. He advertises
in the newspaper. He's ready
to offer verbal suggestions.

All of this is because the
local merchant thinks about
tomorrow as well as today.
He depends upon repeat
business.

All of this makes a lot of
sense when one stops to
think about it.

Ford cars have changed. Only a test drive can tell you how much.
Races and rallies, economy runs, braking and acceleration tests have

Thursday, Sept. 19th, the social meeting of the Women was held at the home of Mrs. Dan Babbitt. Our next meeting will begin our new calendar year.

Sept. 21st was the Musical Institute, with Patricia Fowler in charge. Mrs. Frances Carlson of Grand Rapids, instructed the choir leaders and youth in forming the Junior choir. There were twenty-seven youth among the forty-four registering. The towns represented at this institute were, Traverse City, Island, East Jordan, Gaylord and Grand Rapids. The theme was "Musical Heritage of The Restoration".

Rally Day, Sept. 22nd, was another day of rejoicing for the Saints. The first service was a Fellowship, the younger children meeting at the church the same hour. John Stephan was in charge.
